When vaccines last given, any health or behavior problems)

CURRENT/PRIOR VETERINARIAN/ADDRESS/PHONE NUMBER

PREVIOUS PETS- If deceased, please list date and cause.

The acquisition of any pet should not be an impulse purchase, or a gift for someone who may not be ready for the real responsibility of owning a pet. Owning a dog/cat is a lifetime commitment. It is our objective to find the best match for both pet and prospective owner. All cats are examined, tested & vaccinated, however we cannot guarantee health or temperament.

We try to place the right animal with the right person/family, therefore it is essential you provide insight and information on you, your family, and home environment.

Adoption fee: \$115.00

Deposit for neuter/male (usually under 6 months) : \$60.00

Deposit for spay/female (usually under 6 months) : \$90.00

Either deposit will be left on account as credit and will be applied at time of surgery. If client elects to take pet elsewhere for the surgery, deposit will be refunded upon confirmed documentation from veterinary hospital.
